Compliance status

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard, due to the non-compliances and exemptions listed below.

Non-accessible content

The content listed below is non-accessible for the following reasons.

- We are currently assessing which content is non-accessible.
- We plan to improve accessibility during 2026 to further meet accessibility standards.

Non-compliance with the accessibility regulations

We have identified the following content types which are not accessible:

The content listed below is non-accessible for the following reasons.

Non compliance with the accessibility regulations (website) PDFs and other documents

Many of our PDFs may not be suitable for users of assistive technology. This fails WCAG success criterion 4.1.2 Name, Role Value. We aim to ensure the top 10% most viewed documents on our website are accessible as explained in our disproportionate burden assessment.

Disproportionate burden

We are always looking to improve the accessibility of this website.

- we carried out detailed accessibility checks of wickhambrook.org and our parish council pages - as this is our most important content
- we carried out basic checks of our other pages.
- We have assessed it would be a disproportionate burden within the meaning of No. 2 regulations to pay for an independent auditor to undertake a detailed check on our website.

Some elements of it may involve accessibility problems that would be a disproportionate burden to fix.

We are continuing to assess the website to ascertain whether this is the case and will update our statement accordingly.

Elements that may be a disproportionate burden now will not necessarily be a disproportionate burden forever. If the circumstances change we will assess these elements again and make any improvements we are able.

Fixing documents

Having carried out a detailed check of wickhambrook-pc.gov.uk, we've also assessed that it would be a disproportionate burden within the meaning of the No. 2 Regulations to fix all documents published on wickhambrook.org since 23 September 2018.

The majority of these documents have rarely been viewed, therefore they are not negatively impacting users with disabilities or impairments. For this reason, we don't believe the cost of time, effort and resource to fix all the documents is justified.

We will focus on fixing the most viewed documents on and ensuring that new documents are accessible before they are published.

Content that's not within the scope of the accessibility regulations

PDFs and other documents

The accessibility regulations [do not require us to fix PDFs or other documents published before 23 September 2018](#) if they're not essential to providing our services. For example, we do not plan to fix Agendas, Minutes and other parish council documents published before this date.

Live video

We do not plan to add captions to live video streams because live video is [exempt from meeting the accessibility regulations](#).
